

# Utiliser le mur de messages

## Paramétrer le mur de messages

The screenshot shows the Wooclap event configuration interface. At the top, there are tabs for 'wooclap', 'Mes événements', and 'Modèles publics'. Below that, the event title is 'Mon nouvel événement' with a pencil icon. To the right, there's a participation link 'Participer à : app.wooclap.com/MDQEUS' with a pen icon, a 'Partager' button with a share icon, and a '+ Ajouter une présentation' button.

Below the title, there are three tabs: 'VOTES', 'MESSAGES' (which is selected and underlined), and 'AU RYTHME DU PARTICIPANT'. A green note says 'Votre mur est activé, les participants sont autorisés à envoyer des messages.' Below this, a blue button says 'Projeter le mur de messages' with a monitor icon.

On the left, there are three toggle switches: 'Activer le mur' (on), 'Autoriser les likes' (off), and 'Autoriser les images' (on, with a hand cursor icon). On the right, there are three buttons: 'Synchroniser le mur avec Slack', 'Export des messages en Excel', and 'Réinitialiser'.

## Ecrire un message (côté participant)

The screenshot shows the message input interface for a participant. It features a header with a close button 'X' and a 'Messages' label, and a gear icon for settings. Below is a text input field with a camera icon and placeholder text 'Écrivez votre message...'. To the right of the input field is a blue Telegram-style send icon.
